

## Items from recent Committee Meeting & General Information

**Walk Programme for 2015 Summer/Autumn** - concern was expressed over the lack of 'B' & 'C' walk leaders, various solutions were proposed, not all of which gained approval. The situation has improved slightly since the meeting, but as can be seen from the table below, there are still many gaps.

**Llangollen coach walk 20/12/15** - this walk will no longer require pre-booking, so will operate as a normal Sunday Walk

**Skittles Evening** - Bickerton Poacher - to be investigated by Pete Winby for Sept/Oct 2015

**Ken Willington Memorial Tree** - No progress to date.

### Walks Information

### General Information

**Bowls Evening 9th July 2015 Red Lion Little Budworth** - a very successful event with 14 people bowling and a similar number walking. A bye in the 1st round helped the organisers Pete Winby & Marilyn Norbury win the Bowling, whilst Chris England treated the walkers to an enjoyable ramble through the local countryside. Thanks are due to Pete Winby & Marilyn Norbury, assisted by Keith Nowell for organising the Bowling and Chris England for the walk.

**Walking for Health** - Cheshire East are re-organising their Health & Leisure Organisation. One outcome is a Walking for Health initiative, which will co-ordinate and publicise their walking programmes including Nordic Walking. Recently they agreed to incorporate the administration and publicity of the Macmillan Centre, Leighton Hospital's Walking for Health programme into this initiative.

**This does not affect the activities of any of the local Walking Groups, but could result in extra publicity!**

### Tom Cliff's Retirement

At a recent Reminiscence at the Farmers' Arms Ravensmoor on 8th June, 23 members were joined by Tom Cliff and his wife, where he was presented with his 'final' Driver's Tip from the Club, together with a signed card of a steam loco reflecting one of Tom's other transport interests.
