

The Club had been walking locally every fortnight since 2nd August, from alternate locations in the Crewe and Nantwich areas. Whilst Coach travel is not financially viable or allowed under current rules, Members had been travelling individually to these locations under current COVID19 rules.

Walking is currently suspended under National Lockdown Rules

The next milestone in the Government roadmap out of Lockdown occurs on 29th March, when Outdoor Activities are set to resume - Ramblers Association are yet to publish their guidelines, however we anticipate that they will be similar to those previously agreed

Resumption of Walking - 2021

Ramblers Association have stated that organised Club Walking cannot start before 12th April, so our 1st walking Sunday after that date is 25th April. We will not be using a Coach, so Members will need to make their own way to a common meeting point. Due to previous issues of a large group gathering, we will have staggered start times for the different groups as follows: 'A' walks start at 0900, 'B' walks start at 0930, 'C' walks start at 1000. In order to avoid congestion at the Walk Start Locations Walkers are requested not to arrive for their walk until 15 minutes before the scheduled start time **and maintain social distance with normal COVID19 Protocols.**

Unless otherwise advised, we must adhere to groups of 6 during walks and at break times.

Thursday Morning Walks We propose to start these walks **without a Pub Lunch** on 22nd April - meet at the Barony Car Park for 1000 start - Ring Richard Farrall 01270 624649 to express interest.

Future Coach use

Provided the current Lockdown ends on 21st June, coach walks will re-start on 4th July so arrangements for the Trentham, Whitchurch and Market Drayton walks will change.

Annual General Meeting 2021

Current Government Lockdown restrictions mean that we are unable to hold our AGM normally planned for end of February/early March - we are still discussing how to proceed.

Future Activities

Reminisce Meetings & Skittles Evening still suspended

Public Rights of Way (PROW)

Bryan Clydesdale is active in his role as a Footpath Network Management & Enforcement Officer, reporting issues and replacing Waymark symbols having walked 52 of the 92 footpaths assigned to him

2021 Club Holiday - Under the current restrictions the holiday cannot ahead, so it has been moved to 2022 with the same arrangements.

FORTHCOMING WALKS - FOR LATEST REVISIONS SEE WEBSITE
